## DEATH TOLL INCREASES IN MEXICO

One Community Lost Over 3000  
Dead as Result of Earthquake

Lake Forming Due to Mountain  
Collapsing Into River

(By Associated Press.)

Mexico City January 15.—Reports slowly coming in from eastern sections of the state of Puebla tell of terrible loss of life in that region as a result of the recent earthquake.

Further east in the state of Vera Cruz, the death toll seems to be growing, reports from Coatzacoatlán stating that the number of dead in that city and surrounding villages is more than 3,000.

The lake which inundated the town of Barranca Grande was caused by a mountain collapsing and damming a river.

## MEXICANS GIVE YANKEE SAILORS THEIR FREEDOM

Imprisoned Two Months for As-  
saulting Mexican Civilian

Released Men Cared For By  
American Consul at Mazatlan

(By Associated Press.)

Washington, January 15.—Harry V. Learned and Harry O. Martin, sailors of the American submarine chaser Pocumoke, who were arrested at Mazatlan, Mexico, on the charge of assaulting a Mexican citizen and sentenced to two months imprisonment, were released last Tuesday night, according to advices to the State Department today from the American consul at Mazatlan.

The sailors are being cared for by the consul, who asked for instructions how to return them to the United States.

## HARDSHIPS OF AMERICANS TOLD TO COMMITTEE

(By Associated Press.)

San Antonio, Texas, January 15.—Additional accounts of the hardships endured by Americans in Mexico since Carranza came into power were given the Senate sub-committee investigating the Mexican situation today by three women.

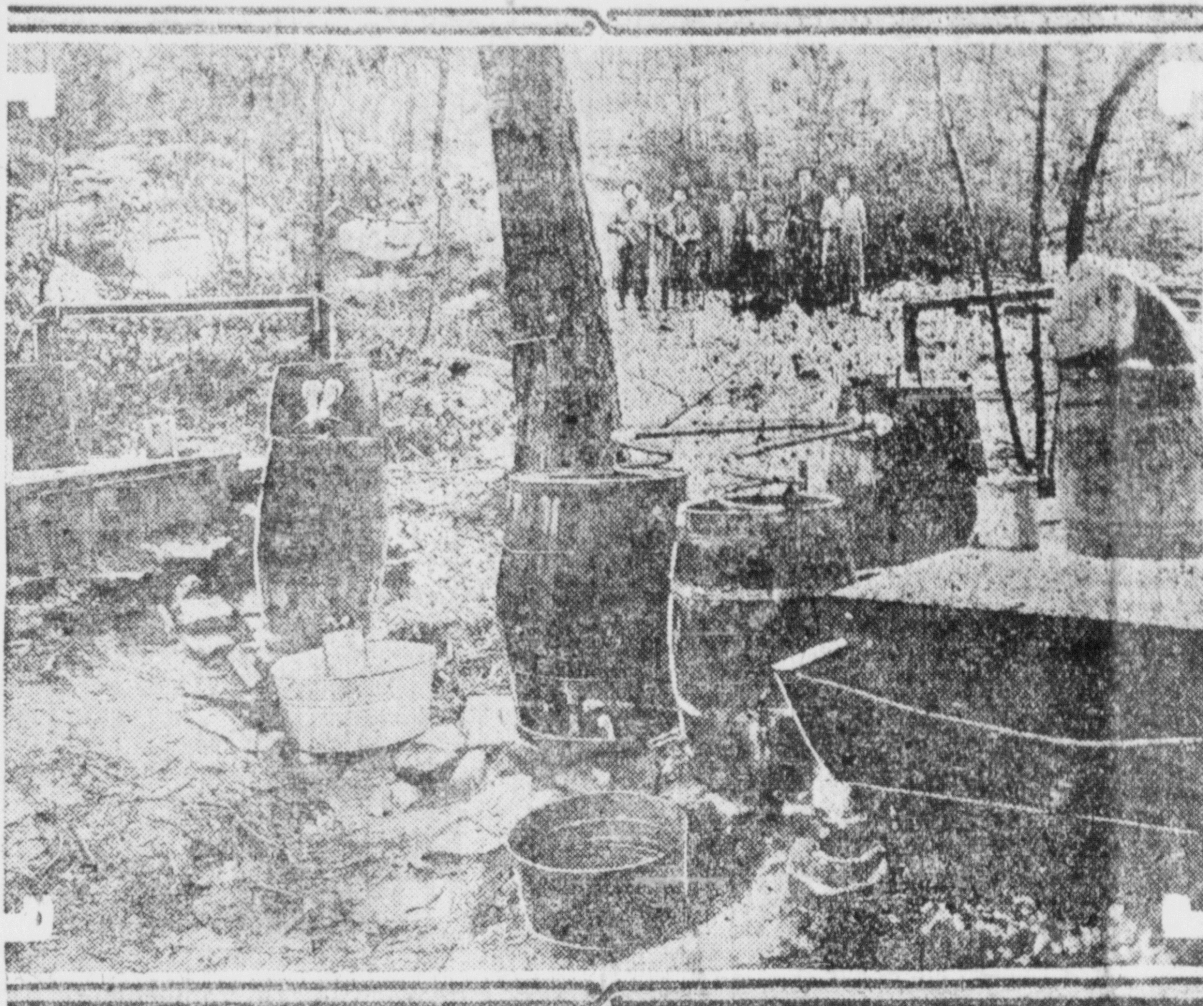

Mrs. Mary Wright, Mrs. Willis and Mrs. Bailey, residing in widely separated regions of Mexico, told of murders and outrages. Mrs. Wright described how she concealed her daughters for days in order to keep them from the marauding Mexicans.

## TERMS GIVEN TO HUNGARY

(By Associated Press.)

Paris, January 15.—The terms of peace for Hungary, framed by the peace conference were handed to the Hungarian delegation this afternoon and the Hungarians given 15 days in which to present their observations.

### RAID CUTS OFF CITY'S SUPPLY OF "REAL" LIQUOR

The still in Shedgee Valley after the raid. Members of raiding party, with guns, are in background.

The wholesale quantities of "hooch" or illicit whiskey which flooded Birmingham, Ala., for some time was cut off a few days ago when a sheriff's posse raided a still in the woods in Shedgee Valley, about fourteen miles from the city, destroying the stills and fifty-eight barrels of mash.

## REPUBLICANS ADOPT NEW PROGRAM TO AMEND SMITH ONE PER CENT. LAW

### U. S. GOVERNMENT MAY SOON DROP CANAL PROJECT

State and Communities Inter-  
ested Must Show They Want  
The Canal.

Solon Sees Three or Four Can-  
als from Lakes to the Ohio  
River.

(By Associated Press.)

Columbus, O., January 15.—Unless the State of Ohio and local communities take interest in the project started by the federal government in building a barge canal from the Great Lakes to the Ohio River, and show a willingness to co-operate, they need not expect further appropriations from Congress on the project, Congressman Welty, of Lima, told members of the legislative committee considering the project today.

He expressed the belief that ultimately the federal government, with the co-operation of the state, would build not only one canal from the lakes to the river, but three or four.

### DEMOCRATS FAIL TO PICK A LEADER

(By Associated Press.)

Washington, January 15.—Democratic senators today failed to elect a leader. A deadlock on a tie vote developed between Senators Hitchcock of Nebraska and Underwood of Alabama and the caucus adjourned subject to call of the two candidates.

### FAIL TO AGREE

(By Associated Press.)

Columbus, O., January 15.—The republican state central and advisory committees meeting in joint session this afternoon did not endorse the taxation program agreed upon by the republican caucus of the legislature, which called for enactment of the Gardner bill to remove interest and sinking fund charges from the ten mill limitation of the Smith one percent law. The two committees, however, appointed a sub-committee to confer with legislative leaders in putting through a taxation program.

Columbus, O., January 15.—Amendment of the Smith one percent law in order to allow cities and other local taxing districts to levy for interest and sinking fund charges outside of the ten mill limitation provided in the law was the program

adopted by the republican majority in the General Assembly today and which is expected to be adopted by the republican state central and advisory committee which is meeting here to consider taxation problems.

Decision to change the Smith law in order to afford financially distressed municipalities was reached at the caucus of republicans of the House last night and Senate republicans followed suit this morning.

According to the program the joint taxation committee is to report out next week the Gardner bill which authorizes removal of interest and sinking fund charges from the interior limitations of the Smith law, thus allowing cities to use the entire ten mill levy for operating purposes. Under the law as it stands a large amount of the ten mills must be levied to pay off debts and interest.

The program further contemplates submitting to the voters next November an amendment to the constitution fixing a one percent limit on real estate except upon vote of the people and exempting certain forms of property from taxation thus paving the way for an income tax law at some future date.

### COMMISSION GETS STATISTICS

(By Associated Press.)

Washington, January 15.—With the conclusion of arguments bearing on the situation in the central committee field today the commission for settling the coal strike took under advisement a mass of statistical material submitted by miners and operators.

President Robinson announced the commission would meet again Monday for cross-examination of witnesses.

Poles Only Bulwark  
Against Bolshevism

(By Associated Press.)

Washington, January 15.—Recommendations that the United States furnish surplus military supplies to Poland to aid it in repelling the westward advance of the Bolshevism have been made to the State Department by Secretary of War Baker.

In making this announcement today to the House Ways and Means Committee Mr. Baker reiterated General T. H. Bliss, a former member of the supreme military council and the American peace delegation, who had told the committee that general revival of war in Europe was not "improbable" unless Poland could check the Russian Bolshevik armies.

The war secretary also said that the allied governments were considering participation in the movement to aid the Poles.

General Bliss told the committee that the Russian armies were far better equipped than the Poles who were "the only bulwark against Bolshevism."

Describing Poland as "the possible storm center" in Europe, General Bliss declared that when "a whole people are brought to starvation" they may make war on a neighbor having food and so renew the conflagration that we had hoped had died out."

The Bolsheviks, General Bliss said, are regaining coal, oil and grain lands in the old Russian empire and "will soon be able to care for themselves regardless of any blockade."

The committee is considering a proposal by Secretary Glass to advance \$150,000,000 to Poland and other European countries for food relief. "If such a loan were made the allied governments should be required to aid Poland in a military way," General Bliss said.

### CHIEF SENATORS WILL DISCUSS PEACE TREATY

(By Associated Press.)

Washington, January 15.—A conference today between committees of republicans and democrats prominent in the league of nations controversy has been arranged.

Senator Lodge, the republican leader, and other republicans, will meet with Senator Hitchcock, the administration leader and other democrats.

### CRABBE ACT IS WITHOUT EMERGENCY

Failure to Pass Emergency  
Clause Ties Up Immediate  
Effectiveness of Bill.

Crabbe and White Score Legisla-  
tors Who Refused Support.

(By Associated Press.)

Columbus, O., January 14.—The House today passed the Crabbe prohibition enforcement bill by a vote of 91 to 23. The emergency clause which would have been made the law effective immediately and prevented a referendum on it failed to pass.

The vote on the emergency clause was 72 for and 40 against, lacking 11 votes of the necessary two-thirds majority.

"The Crabbe bill failed to pass as an emergency measure by the votes of members who represent a dry constituency and who would rather favor the law breakers in the city than represent their own people," declares James A. White, superintendent of the Ohio Anti-Saloon League, tonight.

White declared that the dry forces would keep fighting for a law enforcement measure to become effective at once. Representative Crabbe issued a statement tonight following defeat of the emergency clause on the prohibition bill, in which he said:

"If those who insist upon law enforcement this bill, we will take the fight to the people with greater determination than ever."

Crabbe criticized those who opposed emergency measure and specifically referred to two Republican members.

"I am ashamed of the two Republicans, who represent a dry constituency, for ignoring the law abiding people and lining up with the lawless element in certain cities," Crabbe said.

Berlin, January 15.—A communist manifesto issued today urges the immediate election of revolutionary employees' councils in all industrial establishments.

### BERLIN QUIET AFTER BIG RIOT

(By Associated Press.)

London, January 15.—Berlin was completely quiet Wednesday, according to a wireless dispatch from the German capital. The large factories were working normally, and the railway and tram services were not interrupted.

Strong indignation is expressed in every branch of industry at the unscrupulousness of the independents, the dispatch adds, because the leaders hid behind machine guns while the masses were driven forward to face the guns of the soldiers.

It is announced that the Berlin government will not permit demonstrations on the occasion of the burial of the victims of Tuesday's rioting.

### KRAMER IS READY TO ENFORCE DRY LAWS OF NATION

Constitutional Prohibition Now  
At Hand And Officials Ready

Large Stocks Shipped From  
Country During The Past  
Few Weeks.

(By Associated Press.)

Washington, January 15.—Prohibition Commissioner Kramer has completed organization of the machinery for the enforcement of constitutional prohibition after the amendment and enforcement law becomes effective tomorrow midnight.

Commissioners have been appointed for practically all states and districts for purposes of enforcement of the law.

With the coming into force of the amendment the exporting of intoxicants will stop. An enormous amount of whiskey has been sent out of the country within the past few weeks but large stocks still remain in bonded warehouses and its disposition will be watched closely.

Liquor held in warehouses and elsewhere for private use must be moved into homes or other places before tomorrow midnight.

## HEADACHES LEAVE YOU WHEN YOU END CAUSES

Your headache is like a red lantern hung out—a sign of danger inside. If you make this danger sign unnecessary by proper regulation of stomach, liver and bowels, the headaches will leave you. The mild, pleasant action of Nitelets makes them the ideal laxative to take for all troubles caused by constipation and indigestion. They are free from calomel, minerals and dangerous drugs, and form no habit. 10c and 25c the box.

## GOOD-BYE, WEAK NERVES!

"Nothing wrong but my nerves." We hear it everywhere. Nervousness is a disease. A man or woman might better have a broken arm or leg than a shattered, run-down, nervous system.

Overwork and worry drains the nerve cells of all their strength and vitality; then come the sleepless nights, poor blood, nervousness, worry, and fear, that go with a run-down nervous system.

In cases of this kind, Phosphated Iron rarely fails to strengthen and build up the phosphate-hungry nerve centers. It takes hold right from the start.

The way the majority of people "come back" is remarkable. You can almost see their nerves grow strong, steady and peaceful. Their eyes sparkle, their cheeks are filled out, and flushed with the healthy, ruddy glow that only pure, red, ironized blood can give, and their whole system is alive with youth, energy and good spirits.

Phosphated Iron will do all this for old or young if they will give it a chance. Get a box today and watch it build you up.

The Little Wonders Classified

## INJURED IN FALL ALMOST FROZEN

Henry Sherritt, a truckdriver of the Washington Ice Company, is in a serious condition at his home on Columbus Avenue as a result of a fall which he received at the ice plant Wednesday afternoon while at work in the refrigerator.

Sherritt was stacking ice in the refrigerator room when he was knocked over the ledge of ice by a three hundred pound cake. He fell only a few feet but suffered such injury and pain that he was not able to move. At the time of the fall he was alone and was not found until an hour and a half later.

Noting Mr. Sherritt's absence workmen went on a search and found him on the ice where he had fallen. He had suffered from the intense cold of the refrigerator and was in a critical condition. A doctor was summoned and Mr. Sherritt was removed to his home where he was brought out of the half stupor caused by the cold. He continued to improve Thursday.

## CANNOT EXPLAIN MYSTERIOUS LIGHT

Leesburg has a deep, dark mystery that is creating no end of thrills—especially to members of the P. O. Daughters family, who are known in this city.

Concerning the phenomenon which so far has not been explained, the Leesburg citizen says:

"Residents on Eastern Avenue and more especially the family of P. O. Daughters are considerably mystified over a supernatural phenomena, which has defied all attempts to solve."

"The Daughters family live in what is known as the Geo. Henderson property. According to different members of the family, a red light appears at the foot of the bed in one of the sleeping room in the house and is apparent every time any of the family happens to wake up."

"The light was first seen by some of the younger members of the family, who were very much alarmed. To assure them of its harmless character, Mr. Daughters, John and Jas. Truman and others of the family and neighborhood, all tried the room, and each are now convinced of the appearance of the mysterious light."

"None of them are superstitious, they tried in different ways to shut out all possible outside light, but the crimson glow still haunted their slumbers."

"Of course the family are inclined to take the matter lightly, but they would like to know what is causing it. That it has a perfectly natural, yet baffling explanation, goes without saying—but they would like to know—along with several score of their curious neighbors."

## ARE REORGANIZING ATHLETIC SOCIETY

Arrangements have been made in Washington High School for reorganizing the Athletic Society on the same lines that it has been organized in former years. Several students have been appointed by Principal Probascio to solicit members and it is the plan of the school to make the membership one hundred percent, strong.

When memberships are in, a meeting will be called and officers for the society will be chosen by ballot.

## ATTENDANCE CROWDS

Wednesday evening witnessed the largest attendance to-date at the evangelistic services at the McNair Presbyterian church. Evangelist Z. E. Irvin took for his topic "The Two Builders," basing the sermon on the man who built his house on the rock and another who built his house on the sand.

Tonight at 7:30 he will speak on the topic, "Within Sight of the Cross."

The choir is rendering some special anthems, songs and special music.

## PHOSPHATE PAID ON BOTTOM LAND

That application of 300 pounds of acid phosphate per acre may profitably in crease wheat yields on rich bottom land, is indicated this year on the Bannan farm south of Lucasville.

When a 25-acre field was sowed to wheat a year ago last fall, 200 pounds of acid phosphate was drilled in per acre. Last spring the entire tract was sowed to red clover, and one half of it given another application of acid phosphate of 100 pounds per acre. The wheat yield was 22 bushels per acre on the part given one application and 26½ bushels per acre on that given two applications. It is believed that if a portion of the field had received no phosphate a still more remarkable contrast would have been shown. The wheat was not nearly so well headed out where no phosphate was applied due to accidental skipping of the drill.—O. S. C. Bulletin.

## BIG THRIFT WEEK OBSERVANCE HAS BEEN OUTLINED

Ohio has been asked to make the period of January 17 to 24 a week of constructive thought and action and of economic planning in order that the virtues, saving, economy and thrift

may be instilled in the minds of every one. Governor James M. Cox has proclaimed that it behooves every right minded citizen to take serious thought to lessen foolish extravagance and waste, to abate inflation of credit and to relieve through intelligent saving and investment the capital needed to finance production and employment, to combat unwise and to build up a more stable, prosperous and more truly American population.

The week's observance is designed to strike at the heart of the present inflation of values by hitting at extravagance and the craze for spending money lavishly which is now evident.

In this city plans have been fully materialized for observance of thrift week in all lines of service. All walks of life have been recognized in the formation of a committee in

whom the power of conducting the program from day to day has been vested.

M. S. Daugherty will represent the banks; H. Renick Boggs, the merchants; Rev. G. E. Groves, the ministers; John Logan, the lawyers; John Sheppard, the home builders; W. H. Brown, the life insurance men; Professor O. K. Prabasco, the educational committee; M. W. Claugens, the newspapers.

The week has been divided with a special observance of each day. January 17 will be "Thrift Day" to emphasize the importance of saving and the service to the community of the banks and building and loan associations.

Sunday will be "Share With Others Day." Ministers will take the subject for their topic in the pulpits. Monday will be "Life Insurance Day." Tuesday, "Own Your Home Day." Wednesday, "Make a Will Day." Thursday, "Thrift in Industry Day." Friday, "Family Budget Day." Saturday, "Pay Your Bills Promptly Day." All action taken during the week will be fostered by the Y. M. C. A. with Secretary F. L. Fraser in charge.

## PIONEER CITIZEN DIES THURSDAY

In the death of Mrs. Susan Morris, wife of the late Daniel Morris, Fayette county loses one of its pioneer citizens. Mrs. Morris answered the general summons Thursday noon, following a stroke of paralysis.

For some time Mrs. Morris had been in failing health, the daughter, Miss Estelle, devoting herself tirelessly in giving her mother every attention to give comfort to her final days. The other daughter, Mrs. Ella Shultz, of St. Louis, Mo., is expected to arrive for the funeral services, which will be announced later.

No matter how little a man believes in religion he detests irreverence in a woman.

## Helping People

Herbert Hoover, the great American who in times of stress, during the war mobilized the food supply and rationed the world and did his work so thoroughly, so unostentatiously bringing such marvelous order out of the menace of confusion and panic that the whole world is loud in his praise and even the politicians haven't the courage to complain, assures us that conditions in Europe are vastly improved and the prospects are for still further improvements in conditions.

For some time we have been convinced that there was much energy and money being wasted in a frantic attempt to relieve suffering in Europe. We have feared that some of the efforts were little more than fads and fancies and conditions made to appear worse than the facts really warranted.

Too much indiscriminate giving encourages idleness and dependence among European peoples. They must get back to work.

That does not mean that there are no sections where conditions are such that charity must be, in justice, extended for awhile. Neither does it mean that food furnishing and financing should not be proceeded with along practical business lines until the people of Europe become again self-supporting.

As long as America gives promiscuously and in charity—there is no incentive to work. That means idle lands and discontent, to say nothing of waste of our own property.

Hoover's statements are worthy of deep consideration at this time. Let us help those who are willing to help themselves, but dispense with ostentatious giving. If we do not we will harm Europe and harm ourselves.

## Surely Not?

Without any program the Ohio Assembly, after rejection of the committee's recommendations, have been drifting hopelessly.

Now they are threatening to quit again just where they began, with nothing done except furnishing proof of their incompetency.

The most amazing rumored development is that the job of working out a taxation program is to be left by the majority members of the general assembly, to the republican advisory campaign committee.

We hope that rumor will prove groundless, because if true it would show that the law-makers, having been guided in their efforts by political expediency rather than the public need—vital though that need is known to be.

The people did not elect a political campaign advisory committee to work out a taxation program for the state. They elected senators and representatives and the duty imposed upon them cannot be delegated to a bunch of politicians.

The financial condition of the state is not campaign fodder. Surely the legislators know that, and the rumored transfer of duty can't be founded on fact.

## A Real Invention

This is an age of great inventions. True we are not coming forward with any startling new inventions like the telephone, the electric light, the airplane, or any other useful mechanical contrivance, but nevertheless there are many inventions being turned out not subject to registry at the patent office.

They are inventions of those alert minded people who insist on living without work and have the brains and the assurance to "get by" with their determination.

The latest invention, of the present day type, comes from Chicago where it develops that an organization of the live without work gentry have been holding up opera singers and compelling them to pay from fifty dollars a week to twenty dollars a performance for applause.

The performers who pay liberally are given big ovations by the audiences under the leadership of the paid worthies stationed at different places throughout the auditorium.

The singers who did refuse to pay the prices demanded were received with a solemn silence which meant failure for them. The inferior performers could receive big ovations, if they paid the price. The scheme is a novel one and denotes mental capacity by the ones who suggested it, that if directed along proper lines would result in an invention useful to mankind and a fortune to the inventor. A case of misdirected talent and energy.

That's true, too, with the expert safe breaker. He has talent, but he misdirects it.

The Chicago geniuses, however, steer a path between the poor and honest inventor and the criminal. They get quick returns and are still within the law. They run no risk, they do not work and yet they live and live easily. A real invention.

## POETRY FOR TODAY

LIFE AND ART

Not one in fifty knows the slightest thing  
Of Poetry—and yet, the poets sing.

Not one in many hundreds has a faint  
Knowledge of Art—and yet the painters paint.

Millions are born and die, and never look  
Intelligently on a single book;

The myriad cannot understand a strain  
Of music, and musicians toil in vain.

And Life transcends humanity's dull wit—  
Yet God goes right ahead creating it!

TOOK EARLE'S HYPO-COD NOW FEELS SPLENDID

"Ever since I had the 'Flu' about a year ago I've been in wretched health," declared Mrs. Shaffer, whose address is given below.

"My appetite was nothing—I was all rundown and worn out from sleepless nights and my nerves were all to pieces. I was thin and losing weight all the time. That awful cough and wheezing in my left side was so bad and the pains in my chest so awful that I was miserable it hurt me so.

"I read about Earle's Hypo-Cod in the papers and decided I must try it for I wasn't able to do half my housework. Results were fine and for a month now I've been doing my work and gaining each day. It improved my appetite and I'm really hungry at meal time. I have gained strength and several pounds in weight since I commenced to take Earle's Hypo-Cod. That awful cough which I had for five solid months has left me completely and the pain and soreness in my chest and side have left me. I recommend Earle's Hypo-Cod now to everyone because I feel sure it will help others."

continued Mrs. Margaret Shaffer, wife of the well known N. C. R. worker and residing at the corner of Newport & Northview Aves., Dayton, O.  
After any long wasting illness it is wise to build the system up quickly. Earle's Hypo-Cod does this nicely and fortifies the system against complications which are so apt to follow while the system is in a weakened debilitated condition. Just a bottle or two of Earle's Hypo-Cod proves what it will do. Try it yourself.  
Earle's Hypo-Cod is sold here by C. S. Haver's and Frank Christopher's drug store and the leading druggists in all nearby towns. Price \$1.25 plus 5c war tax.—Advt.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and danger of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Washington C. H. citizen says:

Mrs. C. L. Peart, 637 S. North St., says: "A number of years ago I had an attack of kidney trouble. When I tried to walk upstairs, I was taken with a catch in my back and I couldn't straighten. I suffered with intense pains through my back and sides for several days and my kidneys caused me much annoyance. A neighbor advised me to use Doan's Kidney Pills. After I had taken a box,

I was entirely cured. I have never had any return of the trouble."

### SOCIAL : PERSONAL MENTION : CLUBS

Mr. and Mrs. H. B. Dahl are announcing the engagement of their daughter, Fanny Vilas, to Mr. Webster A. Mathews, of Columbus.

The announcement is of exceptional social interest owing both to the charm and beauty of the bride-elect and the prominence of her family.

Miss Dahl has been attending the

Applied School of Arts in New York, but remained at home following the Christmas vacation.

Mr. Mathews received his discharge some time ago as Instructor in the Aviation service and returned to Columbus, where he is General Manager of the Mathews Lumber Company.

The called meeting of the Young Women's Christian Association in the Federated Club rooms Wednesday evening, was attended by the Advisory Board and members of the Association. Mrs. Carrie B. Willis President, was in charge and presented the purpose of the meeting. Whether the "Y" is to be carried on,—if the women of the town and county are desirous of seeing this organization a permanent institution, they must get behind it and give aid.

Mrs. Willis introduced Mrs. Sternberger, who was to have addressed a meeting of Club women at four o'clock but unable to reach here till a later train. A Cincinnati woman who has been prominently identified with philanthropic war work, Mrs. Sternberger proved a most interesting speaker and made strong presentation of the "Jewish War Relief" movement now being brought before Fayette County.

She especially impressed that this money is being raised for all starving children of central and eastern Europe both Gentile and Jew.

Mrs. Sternberger, prefaced her talk with an appeal for the "Y"—her inter-

est especially centered in the Cincinnati Y. W. C. A., in the success of which organization has been vitally interested and aggressively active in its new movements.

Mrs. Sternberger will be heard again Thursday night at the banquet at the Y. M. C. A.

Mr. Herbert Brownell President of the Y. M. C. A. Board furthered Mrs. Willis' talk in the interest of the Y. W. C. A. by adding that the people of the county and city will back anything that is for the good of the community, but if they do not put into the movement every effort, and make it seem like it is of value, it might as well be dropped.

Discussion followed the women presenting the needs of such an organization. Mrs. F. M. Fullerton spoke of the difficulties of securing a secretary, but the organization will continue in the search. In the meantime an opportunity is afforded other women of the town and county to express their views in regard to the future of the Y. W. C. A.—whether or not they are desirous of having such an organization permanently in our town—whether they are willing to back it up financially and with personal effort—whether they realize that the opportunity now here is one which will probably come again.

The active workers are hopeful that women of the county and town will co-operate actively if they are in sympathy with the movement and prevent failure.

Following the addresses and discussion there was a very enjoyable hour of visiting, with dainty refreshments served. The tea table was very pretty, lighted with rose colored candles in crystal sticks.

Washington friends will learn with much interest of the marriage of Mrs. Gay Peele Wallace and Mr. David J. Hanna, a business man of Seattle, Wash., which took place in Seattle Thursday, January the fifteenth. Mr. and Mrs. Hanna are now on a short trip in British Columbia.

The bride, a charming young woman, is the niece of Miss Bell and Mr. Martin DeWitt, and since her residence in the West has frequently returned to visit here among the friends of her girlhood.

Mr. and Mrs. Hanna will be at home after February the first at 932 Thirtieth Avenue, North Seattle, Washington.

Mrs. Howard Jefferson and Miss Ollie Swope were most hospitable hostesses at a dinner of delightful informality Tuesday evening, at the Swope home in Bloomington.

The dining room was lighted with pink candles and the table was exceedingly pretty, with central embellishment of pink roses.

The guests were Dr. and Mrs. E. H. McDonald, Mr. and Mrs. Clarence Sheley, Mesdames Maude Howland, Lucile Allemang, Miss Ethel Wilson, Messrs. Glenn Wilson, Howard Jefferson and Frank Swope.

Mrs. George Elliott McCormick, Director of Press Ohio Federation of Women's Clubs, continues to report gratifying efforts of Ohio Club women in accomplishing worth while things.

The Woman's club at Shadyside, near Bellaire, reports that it is making a special effort this year in child welfare work and already has a neat sum to be used for that purpose. A play is to be given by the club the last of January, the proceeds of which are to be used by the child welfare committee.

Two hundred women were guests of the Research club at the Deshler in Columbus last week, when the Columbus annual welfare day celebration was held. Club work was discussed in addresses by Mrs. Sharp state federation president, and Mrs. Riebel, Columbus federation president.

A concert by the Dayton Women's Music Club's chorus was given the first of the month in Dayton at the Engineer's club and proved one of the splendid treats of the winter. This club has arranged for the Cleveland String quartet to appear in Dayton at the annual club dinner February 16.

The last Federated Club bulletin also mentions that Mrs. Alverda Sinks and Miss Henrietta Owen Ludlow, both of the Dayton Women's Music club, gave a fine program for the music club at Washington C. H., January 2.

Miss Ruth Cockerill entertained with a very jolly bob-sled party, Wednesday evening, the guests returning to the home of her parents Mr. and Mrs. L. G. Cockerill, for an appetizing hot lunch.

In the party were: Misses Florence Schadel, Dorothy Dick, Florence Bliss, Eleanor Jones and Mary Hanna Bliss.

Thomas Rogers, Charles Fabb, Walter Weaver, Willard Perrill, Joseph Wilson, Ira Barchet.

The January meeting of the Women's Home Missionary Society of Grace M. E. Church was one of marked interest and enthusiasm. The President Mrs. H. W. Willis extended a hearty New Year's greeting. Mrs. Sarah Sollars conducting the opening exercises.

The attendance of sixty women was especially gratifying. A report from the committee on sending supplies to the Olive Hill school at Kentucky showed several articles had been sent out by the society.

Mrs. Willis reported that "The Swift, Bell Ringers" have been engaged to present an entertainment, Saturday evening, January thirty-first, with a matinee in the afternoon under the auspices of the W. H. M. S. and the Y. W. H. M. S.

The name of Mrs. John Merriweather was presented by Mrs. B. E. Kelley for membership.

Questions and Answers were conducted—and current events by Mrs. C. E. Mark.

A delightful program of readings and music was presented including a piano solo by Mrs. Kelley, reading, Miss Jane Durant, vocal solo, Miss Jessie Sunkle.

The women adjourned to the basement for a social hour with refreshments, Mesdames Sollars, Townsley, Cockerill, H. C. Ireland, I. N. Rowe, Pensyl, Chenault, Bushong and Miss Josephine Gossard, acting hostesses.

In compliment to Mrs. Harry Hische, the guest of Mrs. Willard Story, Mrs. Jesse Persinger entertained the young women of the Thursday Bridge Club at a pleasurable luncheon Wednesday.

The table centerpiece was a beautiful white wicket basket of sweet peas.

Mr. and Mrs. C. N. Baer entertained at a thoroughly delightful life dinner of elaborate courses and rustic arrangement Tuesday evening.

The table was laid with ten covers and the guests Rev. and Mrs. William Boynton Gage, Mr. and Mrs. M. E. Hitchcock, Mr. and Mrs. Ed Fite, Jr. and Mrs. R. T. McClure.

Mrs. S. E. Simmons delightfully entertained the Wednesday afternoon Social Club Wednesday afternoon with Mrs. C. W. Shaugh as assisting hostess. Victrola music and games, in which the prize was won by Mrs. Harry Hise and Mrs. J. Ogan contributed to the pleasure of the gathering.

Every member was present and Mrs. Jane Zimmerman was an additional guest.

Mrs. Carrie B. Willis threw open her home at noon Wednesday for the marriage of Mrs. Sarah C. Truesdale a close neighbor and friend of the family, and Mr. John Rider of Harrison, Pike County.

Rev. C. R. Ferguson, of the First Baptist Church, performed the ceremony, after which Mrs. Willis entertained with a wedding dinner.

Seated with the bride and bridegroom were Mr. Brown, of Chillicothe, brother of the bride; Mr. and Mrs. Carroll Brown, Mrs. Samantha Stover, Mrs. Elizabeth Post, Rev. and Mrs. Ferguson, Mrs. Willis and daughter, Miss Lina.

The bride and bridegroom's acquaintance dates from their youthful days and its happy culmination in the tying of the nuptial knot will elicit best wishes from many friends.

Mr. Rider is a farmer of near Waverly, and their future home will be made on his farm.

Miss Gladys Miller of Frankfort was the guest of Mr. and Mrs. William Fogle on South Fayette street, Wednesday night.

Mrs. Roy Armstrong and baby daughter Catherine Jane, left Wednesday for Sidney to join Mr. Armstrong and make that city their home temporarily.

Mr. Fred Sprenger is in from Marion, Ill., on a short business trip and visit with relatives.

Mrs. Harry Sternberger, of Cincinnati, who is here in the interest of the Jewish War Relief Drive, is the guest of Mrs. Sam Katz.

Mr. and Mrs. Bert McCoy, who are occupying the J. D. McCoy home south of town while Mr. and Mrs. J. D. McCoy are in the south, received a telegram, Thursday, saying that Mr. McCoy is greatly improved after an operation which he underwent at the East Coast Hospital, St. Augustine, Florida, on Monday. Mr. Clyde Swift a brother of Mrs. McCoy, who left Wednesday for St. Augustine, was accompanied by Mr. McCoy's brother, Mr. Allison McCoy.

Mrs. G. W. Sollars of Madison Mills spent Wednesday in this city while visiting her sister, Miss Rose Rice, who is a nurse at the Fayette Hospital.

### The Proof of the Pudding is the Eating

#### TO THE PUBLIC:—

*It is the firm belief of my family, myself and those familiar with my case that I would not be alive today had it not been for the Chiropractic adjustments given me by Doctors Beem & Beem.*

*Early in the summer of 1919 I was taken with severe pains in my hip and leg while blasting stumps. Being unable to walk I was put to bed.*

*One Medical Doctor thought I had a broken bone and another Doctor diagnosed my case as Sciatic Rheumatism. Six weeks they worked over me but instead of helping me I grew constantly worse. I couldn't turn in bed or stand the pain to be turned. My appetite left me, my bowels refused to operate and I became greatly reduced in weight.*

*Osteopathy as well as medicine failed to reach my trouble. Being advised by a friend to try spinal adjustments, I called in Doctors Beem & Beem, the Washington C. H. Chiropractors.*

*When they made their second call the following day I was able to turn over and take a good adjustment. After the first adjustment I improved steadily. After the third adjustment I could sit up.*

*After taking 26 adjustments at my home I went to the Doctors' office and there have taken 25 adjustments. Now and for some time past I can truthfully say I never felt better in my life.*

*Considering my 76 years I think it is remarkable that I can go up and down stairs like a boy. I sleep sound and have never weighed more in my life.*

*I believe people of my age would find it a good health investment to take a Chiropractic adjustment occasionally, even though they feel well, IN ORDER TO KEEP WELL.*

Sincerely,  
(Signed) ELON THORNTON.

*Subscribed and sworn to in my presence, this 15th day of January, 1920.*  
J. F. ADAMS, Notary Public.

**GEORGIA FARMS**  
Land is the basis of all value. The value of land is estimated by its production reduced to dollars and cents. Improved Georgia Farm Land, the production of which per acre is of greater value than the best Ohio lands, can be purchased at prices ranging from \$16.00 to \$60.00 per acre on easy terms. Usually one-third cash and the balance on terms to suit purchaser. These farms will net the purchaser from ten to twenty percent and in our opinion will at least double in value within five years.

## FLUE BLOWS OUT MUST CONSERVE WATER SUPPLY

Washington citizens must conserve the water supply very carefully at least until some time Saturday. This admonition was issued Thursday morning when it became apparent that the supply would not be adequate until repairs are made on the main boiler which blew out a flue the first of this week thus shutting off part of the pumps and leaving the plant in position to pump only 700,000 gallons daily to meet a 900,000 gallon demand.  
Repairs are expected Friday and will be placed in position at once. However it will require at least twelve hours to overcome the low pressure, and until the pressure is better every user of city water is expected to save as much water as possible or the pressure may become so low that it will not afford a supply adequate for household purposes.  
It is announced by an employee of The Washington Water Company that new pumps have been installed in the deep wells, and that as soon as the boiler is repaired, an adequate supply of water can be furnished. At present the water supply is coming exclusively from the shallow wells.

**LARGEST CROWD  
ATTENDS MOVIES**  
Almost 350 small boys attended the free movies at the Y. M. C. A. Wednesday evening when Bill Hart was the attraction in a five reel picture. It was the largest crowd of small boys that ever attended one of the shows. The boys are promised several other good shows to take place within the next few weeks.

## Only a Limited Number of Ford Cars

There are mighty good reasons why you should buy your Ford car now. But the biggest one is that there are only so many Ford cars—just a specified limited number—allotted to this territory. Those who buy their cars now will be wise. They will have them to use whenever they wish.  
Don't put it off—next spring, even next month, is an uncertainty. We cannot take orders for spring delivery. Even now, we must have signed bona-fide orders before our monthly allotment is shipped us. So the only way for you to be sure of getting a Ford car, is to order it now. Get your name on an order. It is your protection.  
Again we tell you, the allotment for this territory is limited and you must buy now while deliveries are possible. As ever, the demand for Ford cars is away in advance of production. So, it's first come, first served. Spring, summer, autumn and winter are all the same to the Ford car. It is a valuable servant every day of the year. Rain or shine it is ready for your demands. Buy now and get prompt delivery. You won't have to store it. You can use it. Buy now while the buying is possible.

## TWENTY-SECOND ANNUAL MEETING WELL ATTENDED

Farmers Institute at Good Hope Pronounced One of Best Ever Held There.

Domestic Science and Other Exhibits Add Much to Annual Event.

The first day of Good Hope's twenty-second annual farmers institute opened Wednesday morning, and with each succeeding session the attendance and interest showed marked increase, one of the banner sessions being held Thursday afternoon, with prospects of a good concert Thursday night to bring the institute to a close.

President Orris Hegler presided over the various sessions, and the opening session started with the singing of America and invocation by Rev. W. A. Whitmer, after which State Speaker H. P. Miller delivered a very able address on "Experiences With Some New Farm Machinery," in which he said that the shortage of farm help had made necessary the purchase of the most modern machinery, requiring marked efficiency in handling. A general discussion followed, in which numerous interesting matters pertaining to tractors and other modern farm equipment were freely discussed. "Oh, Dry Those Tears" was the title of a song charmingly rendered by Mrs. Hayward King, and the morning session came to a close with Mr. J. H. Dickason speaking on "Mixed Farming," he being a firm advocate of mixed farming to make the farm an all around success. He urged the farmers to have a definite program outlined for their farm, and his lecture generally was out of the ordinary.

At the noon hour the Ladies Aid served a delicious dinner, cafeteria style.

The afternoon session opened with a piano solo faultlessly rendered by Miss Lorie King. State Speaker Miller then addressed the audience on "Ailments of animals and their Treatment," in which he pointed out the great strides made in treatment of live stock, and the important part played by the veterinarian in aiding the farmer when his live stock becomes afflicted. His words on ailments of animals deeply impressed the many farmers who heard him. Following a much appreciated piano solo by Mary Arnold and entertaining reading by Hortense Holdern, State Speaker, J. H. Dickason held the close attention of the audience with his address on "Rambles Around My Farm." He gave his experience in building up a badly mistreated farm, and the practical assistance obtained from the Ohio State Experiment station at Wooster, near which he was located. A duet by Mrs. Rodgers and Miss Lorie King was a pleasant diversion. A brief talk on the Farm Bureau, by Mr. Miller, ended the afternoon session. Mr. Miller praised the Farm Bureau, and spoke of its necessity, and the long time the movement has been under way before definite results have become apparent.

The evening program was opened by the Good Hope Orchestra, the work of which added much to the various sessions of the institute. Mrs. P. G. Meranda contributed a beautiful vocal solo and responded to an encore. Good readings were given by Charlene Smith, Jane Braden and George Henry. The Good Hope Quartet, composed of Mrs. J. B. York, Mrs. Bruce King, Charles Lyle and Charles Jones was heartily applauded for its numbers. Mr. Bradley, well known vocalist of Greenfield, favored the audience with two selections, with orchestral accompaniment for the other. "Forty-five Minute Ride in a Flying Machine" formed the theme of an entertaining address by Mr. Dickason, and a selection from the orchestra ended the evening session.

### Awards Announced

The Domestic Science exhibits were viewed with great interest and there was considerable rivalry. Miss Mary Weaver proved a competent judge in making the awards. There were fifteen entries. The cookies were all made from the same recipe. Awards were made as follows: First, Opal Yeoman; second, Ruby Lee Holdern; third, Jane Park. Layer cakes—First, Mrs. Leka; second, Mrs. Harper; Angel Food Cake—First, Mrs. Leka; second, Ethel Arnold. Jam Cake—First, Mrs. Stemler. Pound of butter—First, Mrs. Edith Smalley. Manual Training Lewis Rowland, second one display. —First and second in two displays.

URBANA—Thomas Speece, aged 80, one of the county's best known farmers, committed suicide at the home of his son, northeast of here, by hanging himself. Failing eyesight, over which he brooded, is thought to have caused the act.

## Only a Short Time--- Then Spring

Really, it will be here before you are aware. You are not going to be caught without your car all "set" for the first warm days, are you?

You will want to be ready to take the road with the crowd; not be found lagging because of neglect. And you also want to know that in your preparation you have been thorough. So be particular who "tunes up" your motor, and looks after the breaks, clutch, gears, etc.

You display good judgment when you have your car put in shape NOW, and you also display good judgment when you leave the task to us.

Get right after that matter tomorrow, drive around, come around or call us up. That is the only way to insure being ready for the blue birds.

We will appreciate whatever job you may leave with us, but we also appreciate having your good will and continued business, which assures you of conscientious efforts from us.

## DON'T JUNK YOUR OLD BATTERY

### It May Have Months to Live

Many car owners have been saved the purchase of a New Battery by coming to us with their troubles. We like to sell new batteries, of course, but we won't sell you one unless you need it. If we didn't do this we could not stand by our slogan:

"The longer we make your present battery last the surer we are of eventually selling you a new one."

You may not need a new battery. It is quite often the case where people believe they do. Come to U S L headquarters and know the truth about your battery.

## SCORE EXCEEDS ANY PREVIOUS MADE IN CITY

Triangle Team Defeats Camp Sherman by Unprecedented Score of 123 To 13.

Visitors Take Defeat In Good Spirit—Never Had Chance To Win.

All records for high basket ball scores in Fayette county were shattered at the Y. M. C. A. Wednesday evening when the Base Hospital team of Camp Sherman was defeated by the Triangles by a 123 to 13 score. Records of games in this county fail to show that a higher score was ever registered in an official game of basket ball played with a regulation team as an opponent.

In forty minutes the triangles made 123 points, 57 in the first half and 66 in the second session, an average of a fraction more than three points per minute during the entire game. With the exception of one lone point the score was made by field goals, 61 of them. Moorehead made the free throw. The soldier boys never had a chance.

Dress Making Prostrated Miss Allen. Vinol, our Cod Liver and Iron Tonic, restored her working strength.

Miss Allen's Statement

New York City.—"I am a dressmaker. I overworked, got all run-down, tired out, and had no appetite. After taking various tonics a friend told me about Vinol. I tried it and I gained so rapidly by its use that I feel like a new person and I am now keeping up my work with ease."—Miss Lucy R. ALLEN.

We guarantee Vinol, which contains beef and cod liver peptones, iron and manganese peptonates, and hypophosphites, to strengthen and build up weak, run-down, over-worked women.

NOTE.—Your leading druggist has for many years specially recommended Vinol because he knows there is nothing better than this famous Cod Liver and Iron Tonic to create strength and build one up. The formula of Vinol is on every label.

Blackmer & Tanquary druggists and druggists everywhere. Advt.

from the first. They made an unlucky 13 points in their forty minutes of play. Credit must be given the camp team for their conduct on the floor. Even after they were hopelessly beaten they continued to smile and at no time did they show a single unsportsmanlike move. Only two personal fouls were called on the soldiers by referee Myers.

Homer Smith and Harold Hays vied with each other for baskets and heaped the ball through the rings in a continuous stream. They were assisted in the best of manner by Leslie Peterson and Moorehead who is always good for a few baskets besides his sterling game at guard. George O'Brien played down the floor and kept any stray Sherman forwards from getting close to basket. Towards close of game the Manager Hays substituted and gave all his men a chance but the score continued to soar. Jay Burnett, Paul Smith, and Emmet Hays got in on the victory.

The manager of the camp, squad stated that his team was made up of picked players from all the teams of the camp league and that his team had defeated the official team of Camp Sherman. It was the first defeat for the Base Hospital.
